“Dent Chew Brush LLC—John Gallagher’s single-use, all in-one edible toothbrush was designed based on his experience as a military medic. Originally intended for people with limited use of their arms and hands, the Dent-Chew Brush offers a comprehensive oral hygiene solution with the potential to benefit people across the globe who have limited access to traditional hygiene methods.”

X X X

The U.S. Patented toothbrush that dissolves and is totally ingested after it brushes your teeth, gingival margin and tongue. Ideal for soldiers in combat, at risk children who receive free or reduced cost meals at school and the general public. In developing nations it can also serve as a delivery system for vitamins, therapeutics, medications and potentially microencapsulated vaccines. Fully Biodegradable!!
